

WAGNER

Professional Finishing

NEW INNOVATION 2010

With the new
2SpeedTip nozzle
from WAGNER !

- **Greater working flexibility** on the building site and in the workshop
- **Optimal adjustment** to the spraying material and to the surface being coated
- **Easy assembly** – bring your Airless gun up to the latest state of the technology

2SPEEDTIP - Greater working flexibility

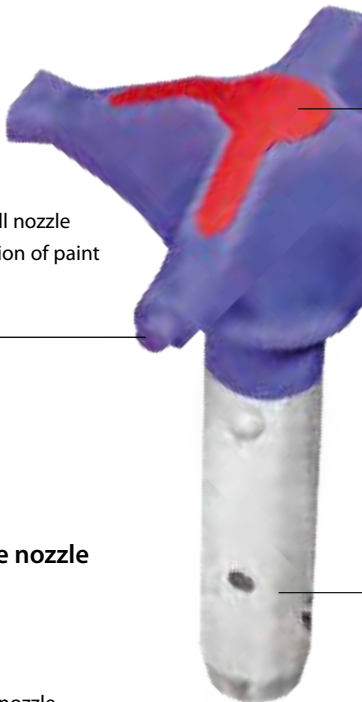

Nozzle 1: Wide angle, large nozzle opening, best surface coverage, highest speed, greatest time saving

Nozzle 2: Narrow angle, small nozzle opening, best control, low formation of paint mist, precise paint application
Ideal for trimming jobs!

2 in 1:

2 nozzle cores are combined in one nozzle in the 2SpeedTip.

- **Quickest change** between 2 nozzle sizes
- **No more compromises** – always the right nozzle

Insert: The colour of the insert corresponds to the recommended gun filter colour.

2 in 1:

The 2SpeedTip also gives the user the information about the optimal gun filter.

**Gun filter – avoid nozzle blockages.
Only with this can the optimal result
be achieved.**

2 sintered tungsten carbide **nozzle cores** arranged one above the other ensure a long life for the nozzle.

The 3 variants of the new 2SpeedTip nozzle

Lacquer

Emulsion

Filler

2SpeedTip – for every application:

With the 2SpeedTip from WAGNER there is a choice of 3 nozzle types for optimal adjustment to the particular object.

Summary of 2SpeedTip nozzle variants

Object size		Painting materials		
		Lacquer	Emulsion	Filler
Small	(10)	L10	D10	S10
		Nozzles: 208 / 510	Nozzles: 111 / 419	Nozzles: 527 / 235
		Art. No. 0271 042	Art. No. 0271 045	Art. No. 0271 049
Medium	(20)	L20	D20	S20
		Nozzles: 210 / 512	Nozzles: 115 / 421	Nozzles: 539 / 243
		Art. No. 0271 043	Art. No. 0271 046	Art. No. 0271 050
Large	(30)	L30	D30	S30
		Nozzles: 212 / 514	Nozzles: 115 / 423	Nozzles: 543 / 252
		Art. No. 0271 044	Art. No. 0271 047	Art. No. 0271 051
X Large	(40)		D40	
			Nozzles: 117 / 427	
			Art. No. 0271 048	

2SpeedTip – Easy assembly:

1. Place the holder for the 2SpeedTip nozzle onto your existing nozzle holder and close the holder.
2. Fix the nozzle holder by putting on the ring.
3. Mount the 2SpeedTip nozzle into the nozzle holder.
4. The gun is ready for use.

ALWAYS THE RIGHT ACCESSORY

Elbow joint

Increases working flexibility – adapt the nozzle quickly and easily to your requirements through the elbow joint

Nozzle extension

With a nozzle extension you can extend your radius of action – this saves using ladders and scaffolding.

Gun filters

For every nozzle there is the right filter. Only with this can the optimal result be achieved.

Nozzle blockages are avoided.

- | | | |
|---|-----------------|------------|
|  | Filter 180 mesh | extra fine |
|  | Filter 100 mesh | fine |
|  | Filter 50 mesh | medium |
|  | Filter 30 mesh | coarse |

PRACTICAL HELPERS

AG 08 Airless-gun

This tried and tested Airless gun – also ideal for beginners – includes a nozzle and a nozzle holder.

AG 14 Airless-gun

Together with nozzle and unit, the gun is the heart of every spraying process. The AG 14 Profi-Airless gun with its low trigger effort ensures the highest working comfort.

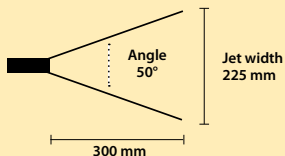

TipClean

In a few operations your new 2SpeedTip nozzles are automatically, properly and effectively cleaned – without touching them.

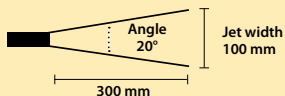

2SPEEDTIP NOZZLE – Two combined in one nozzle!

SPEED

Wide angle / large nozzle opening

- Best surface coverage
- Highest speed
- Greatest time saving

CONTROL

Narrow angle / small nozzle opening

- Best control
- Low formation of paint mist
- Precise paint application

Simply Do it – with WAGNER!

For decades WAGNER has been among the leading producers of equipment for the machine application of paints, lacquers and plasters. The product palette stretches from compact paint spraying units for the home handyman through professional painter equipment right up to large painting plant for industry.

The basis for our work has always been the intensive dialogue with customers, material manufacturers and market partners. On this basis WAGNER develops equipment which takes you a decisive step further in your daily work.
